

Carrier® Wi-Fi® Thermostat

Control your comfort with the convenience of connectivity

TC-WHS01

What You Can Expect From Carrier

Efficiency, simplicity, convenience: Our Carrier® Wi-Fi® thermostat represents years of design, development and testing with one goal in mind – managing your family’s comfort.

Smart

Let your Carrier® Wi-Fi® thermostat do the thinking for you. This “smart” thermostat monitors your home’s energy use, your comfort preferences, and the weather forecast to make wise choices on efficiency and comfort for your home.

Advanced Software

Advanced software makes everything easy, from initial setup to customizing your comfort schedule to connecting to your home’s network. The thermostat will also deliver reports on your energy use to your secure web portal.

Anywhere Access

Home comfort is extra accessible with the free, downloadable mobile app. In your family room, at the office, or anywhere in the world, you can’t beat the convenience. Our secure web portal lets you maintain control over comfort and efficiency settings using a connected device.

Limited Warranty

The Carrier® Wi-Fi® thermostat is covered by a five-year parts limited warranty upon timely registration. The limited warranty period is three years if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty period. See warranty certificate at carrier.com for complete details and restrictions.

The Carrier® Difference

The Carrier® Wi-Fi® thermostat takes its place on your wall like so many others, but that's where the similarities end. Setup and operation are easy using the vibrant, backlit buttons and intuitive prompts. Once it's up and running, you can monitor, adjust and control your comfort from anywhere.

Simple and Smart

Full-color graphics provide comfort information at a glance, including indoor temperature and humidity, outdoor weather, network signal strength and more. Because it's smart, it monitors that information along with your system's energy use and adjusts operation to maximize efficiency.

With remote access, you are always just a few clicks away from altering your home's heating and cooling settings. Even more, our web portal delivers automated alerts and reminders. Monthly energy use reports help you make the connection between your thermostat settings and your utility bills. And, to be sure your system has the latest features and functionality, software upgrades will be available at no additional cost.

Expertise

Willis Carrier

We weren't born yesterday.

With more than a century of innovation and industry experience in home comfort, Carrier has engineered a thermostat that lives up to the name. Offering convenience, efficiency, peace of mind and dependable comfort control, the Carrier® Wi-Fi® thermostat stands as one more reason to turn to the experts.

The Total Indoor Comfort System

Your Carrier® dealer will recommend a system that is best suited to meet your home-comfort needs and local weather environment:

1. **Air Conditioner** provides reliable, high-efficiency cooling for long-lasting comfort and energy savings.
2. **Gas Furnace** provides reliable, high-efficiency heating for long-lasting comfort and energy savings.
3. **Wi-Fi® Thermostat** offers precise, programmable comfort from your web-connected device.
4. **Zoning** sets different temperatures for up to three different areas of your home for truly customized comfort and enhanced utility savings.
5. **Air Cleaner** improves air quality by removing harmful and irritating airborne pollutants from your home.
6. **Humidifier** replenishes moisture to dry air.
7. **UV Lamp** inhibits the growth of contaminants on the evaporator coil, leaving your home with cleaner, fresher indoor air.
8. **Ventilator** combines fresh outdoor air with conditioned indoor air for improved air quality – great for today's tightly constructed home.
9. **Evaporator Coil** is matched with the proper outdoor unit to provide top cooling efficiency and years of reliable service.

More Than a Century of Cool

In 1902, a determined engineer answered one of mankind's most nagging questions: How do we make hot, sticky, indoor air go away? In creating the world's first modern air conditioning system, Willis Carrier forever changed indoor life, and, more than a century later, the corporation that bears his name takes inspiration from his example.

Carrier continues to improve on our founder's breakthroughs, introducing new technologies that make life at home even cooler. Today, our nationwide network of experts continues to advance Willis Carrier's lifework. Your expert Carrier® dealer is equipped to evaluate your home and create a customized system designed around your lifestyle.

Wi-Fi® is a registered trademark of the Wi-Fi Alliance Corporation.
